

## ENDS AND TRENDS WITH KIM AND KAREN

**Karen's Trend Alert:** Men's fashion may seem repetitive but I can assure you that it's not. Designers annually have runway shows to showcase their seasonal trends, just as women have them. While men's fashion doesn't change as dramatically and drastically as women's, it can have some changes that make all the difference. Here's a look at some updated spring trends for men:

**Double-Breasted Blazers:** Not everyone can pull off the double-breasted blazer. But if you get the correct fit to suit you, you'll look dapper and handsome! Remember it's all in the fit. Make sure to get a more updated style so it's not too boxy and bulky. And if you're daring enough, stray from the normal dark blue and black and try on something with color or stripes.

**Plaid and Checkered Blazers:** Blazers with a print really have some pizzazz! They're not only stylish but eye-catching. It's downright debonair and preppy. Again, watch out for the fit. Be sure to get something that fits you perfectly – nothing too bulky or boxy.

Happy shopping!
